### **CALLING ALL PEDIATRIC LYMPHEDEMA SPECIALISTS** and those with an interest in pediatric lymphedema to join us for a special **Pediatric Lymphedema Interactive Workshop** at the National lymphedema conference in Montreal, Quebec.

This 3.5 hour workshop, in English, will be led by **Dr. Isabelle Quéré**, Professor of Vascular Medicine at the University of Montpellier in France where she is Head of the Vascular and Lymphology Medicine Department and **Dr. Catherine McCuaig** a pediatric dermatologist managing vascular anomalies including lymphedema at CHU Sainte-Justine, University of Montreal. We are targeting to have 15-20 participants registered for the workshop from Canada, England, Ireland and France.

**When:** Friday morning, October 27 from 8:30am – 12:00pm

**Where:** Omni Mont-Royal Hotel, Montreal, Quebec

**Format:** An interactive session reviewing case studies, exchanging different treatment protocol and sharing best practices around the world.

**Other opportunities:** we encourage pediatric lymphedema specialists to also submit an abstract regarding their work with children and/or case studies. All abstracts will be reviewed by the Conference Scientific Committee, with accepted abstracts to be presented on Friday afternoon or Saturday. The abstract deadline is March 31, 2017. Guidelines can be found here. [www.canadalymph.ca/conference](http://www.canadalymph.ca/conference)

**Cost:** The workshop is included in the price of full conference registration. Participants have the option of registering for the 2-day conference or just for day 1 (Friday) of the conference.

Please contact Chantal LaPointe [phtcl@yahoo.com](mailto:phtcl@yahoo.com) for further questions.

Online registration for the event will start April 01. For more information about the conference itself – please check out the conference websites:
